NORTHERN LIGHTS

Canadian whisky attracts a younger audience with flavors and emphasis on rye.

BY THOMAS HENRY STRENK

Note: This excerpt is printed with permission from the January/February 2016 issue of StateWays—the Beverage Alcohol Merchandising Magazine for Control States.

In this neck of the woods, Canadian whiskies have always been very strong sellers," says Ted Farrell, president of Haskell's Inc., a wine and spirits retailer based in Minneapolis. "I don't know if it's our proximity to the border or our love of hockey or what." Canadian whisky typically appeals to older consumers, he adds, while noting that flavor innovations like apple and maple may be breeding a new, younger consumer for Canadian.

Canadian whisky is one of the largest whiskey categories, with a long history and tradition. So far, the rising tide of consumer interest in brown spirits has not lifted the Canadian category, however, Canadian whisky boasts a number of advantages—it's easygoing, mellow-smooth, mixable, and has rye on its side. Canadian producers are working to communicate that story to American

consumers.

Lately there has been a lot of product churn, with new expressions from established brands, innovations

on the super-premium end, rye-based expressions, and a successful proliferation of flavored whiskies. Proponents are betting that Canadian will be the next big thing.

"There are some amazing Canadian whiskies out there," notes Ewan Morgan, Diageo's National Master of Whisky in the United States. "That will be the next thing to catch the interest of bartenders and whisky geeks."

"Canadian is a mellow and smooth, very approachable whisky, with an entry level price point, and it's great for mixing cocktails," says Marc Hindorff, Canadian Mist brand manager for Brown-Forman.

American whiskey geeks and mixologists are starting to appreciate rye's spicy dryness, and that segment is small but growing. That's a plus for Canadian whisky, which has been synonymous

with rye whisky because that grain figures prominently in many blends.

Much of the product innovation and growth is coming from the upper tiers of Canadian. “Super-premium is what’s driving the Canadian whisky category today,” says Heather Howell, brand manager for Collingwood Whisky. The liquid goes through an extra finishing step: the mature blends rest with heavily toasted maplewood staves, “making for a full-flavored and complex whisky.” It’s “great for sipping neat or mixing in cocktails,” Howell adds.

“We’ve seen amazing results with flavored Canadian whiskies,” says David Jabour, president of Twin Liquors, an Austin-based third-generation retailer. There is a proliferation of new Canadian flavors—maple, peach, pecan, and more. “The success of Regal Apple may breed opportunities for other Canadian producers.”

Ready to drink cocktails offer convenient refreshment.

BY KYLIE SWARTZ

Note: This excerpt is printed with permission from the July/August 2015 issue of StateWays—the Beverage Alcohol Merchandising Magazine for Control States.

Americans today crave convenience. And in the spirits category, what can be more convenient than Ready To Drink (RTD) cocktails and shots?

These products contain fresh, premium ingredients, often in small, sealed, one-serving containers. RTDs come in all shapes of packaging, including cans, bottles, shot glasses, and plastic balls. They're made for the busy, on-the-go consumer. Whether someone is camping, tailgating, at a barbecue, hosting a party, preparing for a night out, or just too tired to whip up a cocktail after work, RTDs offer a convenient alternative to the time-consuming, labor-intensive mixing of beverages.

Cocktails

"As long as Americans continue to be Americans, with their time becoming more valuable and less available, RTDs are going to see huge growth," says Sandra Pacheco, national sales director for Southwest Wines, which produces a ready-to-drink mimosa line.

Although RTDs have been available for decades, some have been available mostly regionally or overseas. In the United States, the RTD market has picked up considerably within the past five or so years after a period of stagnation. New brands are launching original, diverse entries into this growing category. Customers can now choose from a bevy of options when they want a convenient cocktail.

The brainchild for the RTD line Crafted Cocktails occurred in 2013 when founder Felicia Vieira "noticed that something was missing. I'm a frequent traveler for business, and I was going to a lot of metropolitan areas. I was finding great cocktails that were full of flavors and low in calories, but nothing of the like was available as RTD. There were mixes, and there were some RTDs, but nothing like what you'd get if you ordered a cocktail at a bar or restaurant."

Vieira's inability to find products with natural flavors and low calories speaks to a negative perception that continues to nag RTDs. "There can be this stigma of people thinking, 'If I'm buying something off the shelf at a grocery store, then it must be fake,'" she says.

This stigma lingers in the RTD market due to a history of inexpensive prod-

ucts—some consumers aren't aware of the recent rise in higher-quality alternatives. The question of whether RTDs are "low-shelf" is "why I ended up getting involved in this business in the first place," says Harley Bauer, cofounder of LIQS, maker of premium RTD shots. "We've gotten so used to these RTD brands over the last 20 years that are very low proof, all artificial flavoring, loaded with sugar and carbs. That is why RTDs can have a bad rep."

It is essential, therefore, for the new generation of RTD-makers to promote the natural ingredients and premium quality of their products. "I think the stigma toward RTDs is going away," adds Rob Boyer, director of marketing for the coconut water/vodka drink VO/CO. "There is this wave of interest in the RTD category. Once you see our product and know the quality of our ingredients, there's an interest level to at least check out the product."

Among Millennials, the appeal of RTDs is strong. They fit into a Millennial's active, diverse, pleasure-seeking lifestyle, and RTD-makers advertise and brand accordingly.

Millennials are not alone in enjoying RTDs. Surprising even the brands, these products have found a broad appeal across generations. As many brands have discovered, there is a major market for RTDs among Baby Boomers.

TIPS FOR MAKING RTDS TASTE FRESH AND LOOK HOMEMADE

Encourage your customers to take advantage of Ready To Drink (RTD) beverages and use the following quick-and-easy tips to make them look and taste just-mixed fresh.

—Chill the packaged drinks ahead of time.

—Serve the drinks in sparkling clean "special" glasses over fresh ice.

—Serve the drinks in chilled or frosted glasses to make them look and taste more refreshing as well as keep them cold longer. Chill glasses by placing them in the refrigerator for at least an hour; frost glasses by dipping them in water, and placing them in the freezer for 30 minutes.

—Rim the serving glasses with specialty salts or sugars, cinnamon, nutmeg, chocolate, or other complementary condiments.

—Garnish the drinks with complementary fresh fruit, special olives, or cocktail onions.

THE TEQUILA CLASS OF 2015

New tequila sensations debut in the United States

BY ROBERT PLOTKIN

Note: This excerpt is printed with permission from the May/June 2015 issue of StateWays—the Beverage Alcohol Merchandising Magazine for Control States.

There's a mystique and romance surrounding tequila that few products enjoy. The import has captivated the imagination of the American drinking public, making it the fastest growing category of spirits in the country. As aficionados grow more discerning, distillers are responding by releasing the best and brightest their craft can produce—innovative offerings such as ultra-premium blancos, vintage-dated and single-estate bottlings, and increasingly rarer and older añejos.

"I'm confident that in the foreseeable future tequila will challenge vodka as America's spirit of choice," contends Gary Shansby, founder and chairman of Partida Tequila. "Tequila has everything consumers are looking for in a spirit—body, texture, enticing aromatics, layers upon layers of sensational flavors, and unlimited drink applications. Vodka simply can't offer consumers the same enticements."

Crafting great tequila is a labor and time-intensive process. Agaves mature at their own pace, irrespective of demand. It takes the plant between eight and twelve years to reach maturity, and optimally it is harvested when the plant's natural sugar content has peaked at about 21-25 degrees Brix. Agave plants thrive in rich volcanic soil and a warm, dry climate,

Cutting corners or speeding up the process may make financial sense, but it's not how to make great tequila.

The unfettered growth of tequilas has left many consumers feeling overwhelmed. As of November 2014, there were 1,324 brands (marcas) of tequila being produced by 154 registered tequila distilleries. As it is with wine, the growing region where the agaves are cultivated and the tequila is made are points of distinction between brands.

With dozens of new tequila brands entering the marketplace every year, all that's left to say is, "Welcome to America."

HELP YOUR CUSTOMERS FIND THEIR "NEW" FAVORITE TEQUILA

Your customers will appreciate your help finding their "favorite" tequila(s) from the overwhelming array of longtime and seemingly endless number of new brands on the market. Be sure to take time to learn about the brands you offer, including where the agave used to make each brand is grown and the processing details that give each tequila its special flavor and aromas, so you can suggest brands that will appeal to your customers' individual taste preferences.

Suggest they try drinking tequila on its own by pouring it into their favorite glass, adding a squeeze of lime (but no salt), and sipping it while they savor the flavor. Also encourage them to try sipping tequila chilled or over ice and using it in their favorite mixed drinks.

THE SPICE TRADE

Flavored and spiced rums drive business by promising the beach in a bottle.

BY THOMAS HENRY STRENK

Note: This excerpt is printed with permission from the September/October 2015 issue of StateWays—the Beverage Alcohol Merchandising Magazine for Control States.

Sun, sand, and surf—lazy summer days and easy-drinking rum cocktails continue to attract a thirsty, young LDA (legal drinking age) crowd. Spiced and flavored rums are an easy entry into spirits, say proponents; they're affordable, eminently mixable, and the spirit's beachy vibe is approachable and non-pretentious.

Rum claims a considerable portion of the trendy flavored spirits market, shared with vodka and now whiskey. The major players are reinforcing that claim with new spiced and flavored rum introductions supported by astute marketing and promotions.

Right now it seems that spiced and flavored variants are driving the overall rum category in terms of growth. "One of the biggest trends in rum is growth in the flavored category," says Brian Mequet, vice president of marketing at Pernod Ricard. "Spiced rum will continue to be a consumption driver as it is a barrel-aged, flavored brown spirit utilized in a variety of cocktails," agrees Daniel Kleinman, vice president of rum for Diageo North America. Retailers report their best-selling rums are spiced or flavored.

Why the interest in the spiced/flavored segment? A number of factors are fueling interest in rum: affordability, an appeal to a key demographic, and transitioning from other categories.

"Spiced rum is an affordable luxury," says Josh Hafer, communications manager at Heaven Hill Distilleries, Inc. It's the affordability that wards off any pretentiousness on the part of the consumer when they pick up a bottle of spiced or flavored rum. "Rum is a drink that appeals to everyone and is free of much of the snobbery or exclusivity that oftentimes is associated with other spirit categories," notes Kleinman. Spiced rum, he adds, is a recruitment-driving and broadly appealing spirit similar to flavored whiskey.

"The Caribbean and that imagery is one of rum's greatest strengths, and what differentiates it from the other spirits categories," Mequet explains. "Rum is seen as fun and approachable."

Some consumers are transitioning to spiced and flavored rums from other flavored categories. Rum, say proponents, has the advantage of a strong personality to support those flavor variations.

"Rum is grounded in its Caribbean roots, and when you are drinking rum, you are there on your beach vacation," Hafer concludes.

THINK BEACH!

Whether your customers are planning to go to the beach, have just returned from a beach vacation, or are simply dreaming of being at the beach, help them feel the sand between their toes, the warm sun on their face, and the gentle ocean breeze in their hair by promoting rum. 2-3 teaspoons sugar
1-2 ounces rum or flavored rum
Club soda
Mint sprig
Lime wedge*

Crush the mint leaves with a pestle and mortar, and scrape into the prepared serving glass (you can crush the mint with a long-handled spoon in the bottom of the serving glass if the bottom of the glass is heavy enough). Squeeze the juice from the lime into the serving glass. Drop the squeezed lime into the glass, and add the sugar, rum and soda; muddle (stir) until well mixed. Garnish with the mint sprig and lime wedge.

Daiquiri

Serve in a chilled daiquiri glass.

*2-2½ ounces rum, spiced rum, or flavored rum
Juice of ½ lime
½-1 teaspoon sugar syrup
Slice of orange or other complementary fruit*

Pour the rum, lime juice, and sugar syrup into a cocktail shaker half-filled with ice; shake vigorously, and strain into the prepared serving glass. Garnish with the orange or other fruit.

Frozen Daiquiri

Serve in a chilled or frosted glass.

*2-3 ounces rum, spiced rum, or flavored rum
Juice of ½ lime
½ teaspoon sugar syrup
Fresh crushed ice
Complementary fresh fruit slices or wedges*

Combine the rum, lime juice, and sugar syrup in a heavy-duty blender; add at least 4 ounces of fresh crushed ice, and blend at low speed until "snowy." Pour the mixed drink into the prepared serving glass. Garnish with fresh fruit.

RELAX AND REFRESH WITH ICED COFFEE

If your customers want the taste of a relaxing cup of hot coffee in a refreshing cold mixed drink, suggest they try fresh coffee mixed with their favorite ice cream and coffee, nut, French vanilla, or other liqueur served in a chilled or frosted mug. It's the perfect summertime coffee beverage!

Coffee Cooler

Serve in a chilled or frosted glass coffee mug.

1-2 ounces freshly brewed coffee, chilled

½-1 ounce coffee-flavored liqueur

½-1 ounce French vanilla, hazelnut, chocolate, or other complementary liqueur

1-2 scoops coffee, vanilla, or other complementary ice cream or ice milk

Sugar to taste, if desired

Additional spoonful of ice cream, ice milk and/or a whipped heavy cream

Combine the coffee, liqueurs, ice cream or ice milk, and sugar, if desired, in the prepared serving mug. Stir well, and garnish with a spoonful of ice cream, ice milk, and/or whipped cream.
